AWARE[®] PROVIDER NETWORK

With more than **98%** of doctors and **100%** of hospitals in Minnesota, the **Aware[®] network** gives you broad, open-access to the largest selection of providers in the state.

20,797 primary care providers¹

47,863 specialty care providers¹

174 hospitals¹

When you travel outside of Minnesota, you have access to the large national **BlueCard[®] PPO network** with access to more than 2 million providers nationwide².

If you travel outside the United States, we have you covered with the **Blue Cross Blue Shield Global[®] Core network** with access to coverage in 190 countries and territories worldwide.

¹Numbers are subject to change and are reflective of signed contracts as of June 2023. The Aware Network includes providers one county into the neighboring states of Iowa, South Dakota, North Dakota and Wisconsin.

When seeking care in these counties, search for providers using Aware Network (not BlueCard PPO).

²Blue Cross and Blue Shield Association Network Portfolio Statistics, CHP, December 2024 Provider Data

Each healthcare provider is an independent contractor and not our agent. It is up to the member to confirm provider participation in their network prior to receiving services. Each Blue Cross and/or Blue Shield plan is an independent licensee of the Blue Cross and Blue Shield Association. Blue Cross Blue Shield Global Core is a registered mark of the Blue Cross and Blue Shield Association, an association of independent Blue Cross and/or Blue Shield plans.

HIGH VALUE NETWORK

The **High Value network** offers good value with statewide access to care at lower costs and some of the largest healthcare systems in Minnesota.

13,639 primary care providers¹

36,820 specialty care providers¹

119 hospitals¹

Benefit Change

Federal and Minnesota State Mandates

Preventive Service Update

- Effective January 1, 2026, Blue Cross will include coverage for additional breast cancer imaging services (magnetic resonance imaging (MRI), ultrasound, and pathology/biopsy) when an initial screening mammogram yields inconclusive results. This aligns with the IRS Notice 2024-75, which allows these services to be covered pre-deductible under HDHPs, maintaining HSA eligibility while improving access to essential diagnostic procedures

PRESCRIPTION MEDICATION COVERAGE

PHARMACY BENEFITS

NETWORK

Your pharmacy benefit plan uses the **Select Pharmacy Network**

- **Select Pharmacy Network** is a broad network that includes major chains and most other pharmacies

DRUG LIST / FORMULARY

This is a list of medications preferred by your plan. Yours is called **FlexRx (Closed)**

- **FlexRx** includes a broad, clinically complete list of medications that includes a balance of generic and brand-name medications
- **Closed formulary** — coverage is limited to prescription medications on the formulary, unless medically necessary

Complex medical conditions such as multiple sclerosis, hemophilia, hepatitis or rheumatoid arthritis may require specialty medications. Your plan includes a specialty medication network with pharmacies that specialize in these medications and the extra support you may need.

GET THE MOST OUT OF YOUR PLAN

To get the most out of your pharmacy benefit plan at the lowest cost, make sure you choose a pharmacy in your network and use medications on your preferred drug list. By using a pharmacy in your network, you pay a lower cost, and your pharmacist submits prescription claims for you. If you use an out-of-network pharmacy, your medications will not be covered by your health plan.
